IT Manager

FSN IT Solutions Ltd

House -16, Road 3, Sector 4 Uttara, Dhaka

Dear IT Manager,

I am writing to express my interest in the **Cyber Security Engineer** position at FSN IT Solutions Ltd, as advertised. I discovered this exciting opportunity on the job site and after reviewing the requirements, I am confident that my skills and experiences are something that your company will appreciate.

In my previous role as an Information Security Analyst at RootX Inc., I actively participated security assessments, including both Black Box and White Box Testing. With a Cyber Security major, I'm skilled at identifying and neutralizing threats. My dedication to staying updated with the latest security technologies is evident through my possession of certifications such as CEH.

I'm impressed by FSN IT Solutions commitment to delivering IT services to various companies and the focus on managing cyber threats for banks in Bangladesh. This resonates with my career goals, and I am eager to contribute to your team's success. I am confident that my technical competencies, including expertise in data encryption, threat assessment and familiarity with data analysis tools, make me a valuable addition to your cybersecurity initiatives.

Thank you for considering my application. I am enthusiastic about the prospect of contributing to FSN IT Solutions Ltd and would welcome the opportunity to further discuss how my skills and experiences align with your team's needs. I look forward to the possibility of an interview.

Sincerely,

A. F. M. Rafiul Hassan
