A. F. M. RAFIUL HASSAN

Root-x Secure

Safeguarding The Digital Landscape

Root-x Secure is a international company provides comprehensive solutions to proactively protect your business and organizations from evolving threats.

Mitigating Cyber Attacks

01 | Threat Intelligence

02 | Vulnerability Assessment

03 | Incident Response
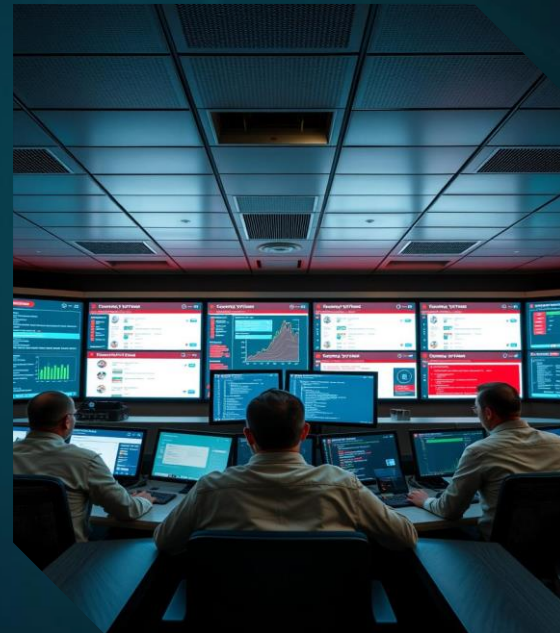

Our Approach

Encryption

We use advanced encryption techniques to safeguard sensitive data, ensuring its confidentiality and integrity.

Monitoring

Our 24/7 monitoring systems actively detect and respond to suspicious activity, providing real-time protection against threats.

Organizational Hierarchy

1	CEO
2	CTO (Chief Technology Officer)
3	CISO (Chief Information Security Officer)
4	Head of Cybersecurity Operations
5	Cyber Analysts and Incident Response Team

Code of Ethics & Conduct

INTEGRITY

Upholding the highest ethical standards in all our interactions.

CONFIDENTIALITY

Client data and information are treated with the utmost confidentiality.

TRANSPARENCY

Open communication and transparent practices build trust with our clients.

Ethical Guidelines

01

Data Privacy

We prioritize public interest and data privacy and comply with relevant regulations.

02

Responsible Disclosure

We encourage responsible disclosure of vulnerabilities.

03

Security Awareness

We promote security awareness among our clients and employees.

Conclusion

Root-x Secure is committed to safeguarding the digital landscape through ethical practices, robust security measures, and a proactive approach to threat mitigation. We prioritize data privacy, responsible disclosure, and security awareness to build trust and ensure a secure digital future for our clients.
